

Caregivers Nova Scotia changes in operations in response to COVID-19:

All in person Caregiver Support Groups, Workshops and presentations are cancelled until further notice.

All Caregivers Nova Scotia staff are working remotely from home. Staff are available by phone and email during regular business hours (9:00 am to 4:30 pm M-F) to offer telephone or email support, information and resources to caregivers.

Caregivers Nova Scotia Halifax office will be closed until further notice.

All Caregiver Support Groups will be transitioned to a teleconferencing method of delivery for the interim. Support Group times may vary slightly, contact the coordinator in your area for specific times and teleconferencing details. See contact information below. *Please note due to the teleconferencing nature of these support groups it is essential the coordinator is aware in advance that you will be joining the call.*

Our website www.caregiversns.org is an excellent resource and we are continually working to keep information up to date and adding new services as we learn of them.

During these uncertain and unprecedented times, we want to let all caregivers know we are still here, and available, and will continue to provide support to caregivers in Nova Scotia.
